## **PE and Sports Grant**

### **Academic Year 2013 -2014**

#### **Introduction**

The government is providing additional funding of £150 million per annum to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – has been allocated to primary school head teachers.

This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

#### **Purpose of funding**

Schools must spend the additional funding on improving their provision of PE and sport, but schools have been given the freedom to choose how they do this.

#### **Provision**

Following a self-review and a staff skills audit the following objectives were agreed for the academic year 2013 – 2014:

- Provide specialist teacher to work alongside our teachers when teaching dance in order to strengthen teaching and learning in this subject across the school.
- Support and engage the least active children in physical activities during lunchtimes.
- Provide professional development opportunities for teachers in PE and sport.
- Increase pupils' participation in sports competitions and festivals.
- Improve our resources and equipment to support the development of the subject.

The impact of the use of the grant will be reviewed at the end of the first year.
